Breakout rooms (7 mins)

Each group will be asked to type a collective response in the chat (choose someone from your group to do this).

Education and Awareness

- An overarching theme we found for all domains recommendations was communities have a lack of awareness of resources. What can we as a coalition do to improve education and awareness in the community?
- Agencies working in silos contributes to client burnout when searching for resources and accessing services.
 What can we do as a coalition to improve collaboration between agencies?

IE-MPA

- 3. The IE Master Plan for Aging will address the unique challenges of aging in the Inland Empire. There are a wide range of needs among older adults, adults with disabilities, and caregivers. What can we do as a coalition to make sure the IE-MPA is age and disability friendly?
- 4. What can we do as a coalition to make sure the IE-MPA aligns with the cultural needs and values of our diverse community?

- Social media toolkit
- Informational video (English)
 - Available on YouTube

What's been created?

What is a Master Plan for Aging?

A Master Plan for Aging is a blueprint for promoting healthy aging and supporting quality of life. The plan will allow local government, the private sector, and philanthropy to prepare for upcoming demographic changes in our older adult population. While California has a 10-year Statewide plan, the California Department of Aging recognized the importance of engaging communities to develop their own, locally-informed Master Plans for Aging.

Locally, the Inland Empire Master Plan for Aging (IE-MPA) will include recommendations for improvements to Housing, Transportation, Healthcare, Alzheimer's and all other Dementias, Behavioral Health & Social Support, and Caregiving.

Who is the plan for?

The plan is for all Inland Empire residents but focuses on optimizing health and wellness of older adults, adults with disabilities, and caregivers.

There are a wide range of needs amongst older adults, adults with disabilities, and caregivers in the Inland Empire. Overall, services and supports must be age and disability-friendly, aligning with the cultural needs and values of our diverse communities.

What will the plan accomplish?

The IE-MPA will be designed to ensure older adults, adults with disabilities, and caregivers in the region can live with dignity, be engaged, feel safe, maintain good health and mobility, age in place, and have the ability to make

Who is the Inland Coalition on Aging?

The inland Coalition on Aging (ICA) brings together diverse health care entitles together diverse health care entitles officials, and stakeholders with the goal of better serving lotler adults, adults with disabilities, and caregivers in San Bernardino and Riverside Counties. For more information, please visit InlandAging.org/about

Why does the Inland Empire need a regional plan?

The Inland Empire Master Plan for Aging (IE-MPA) will address the unique challenges of aging in our geographically diverse region, encompassing rural and urban populations in San Bernardino and Riverside Counties.

What is the timeline?

We are working toward a launch date of March 2025. Throughout the project, people can learn about our progress at InlandAging.org or by signing up for undates

How can I get involved?

Are you a professional who works with older adults, adults with disabilities, and/ or caregivers? We'd love your support in developing the IE-MPA. Join our coalition by going to www.lnland.aging.org/about

Funding for the development of a local Master Plan for Aging has been provided by the SCAN Foundation and California Department of Aging.
